The NESLL Summer Youth Program will be comprised of 3 regional teams at each level – North, West and South. The teams will practice in each respective region and play in the tournaments listed below.

We have assembled an excellent group of coaches that will lead each regional team. NESLL is committed to having the best coaches in New England and are moving toward having 100% of our coaches to be US Lacrosse Certified. We are the first club team in the United States to require such certification of our staff. We are also requiring all of our Head Coaches be non-parents.

The price for the summer program for the NESLL Youth Boys Summer Program is \$650.00. This includes the tournament entry fees for each of the tournaments as well as (10) summer practices, facility costs, coach's stipends, apparel, uniform and other administrative costs.
